Date: March 2020

To: Current Pest Control Service Customers

Action: **Client PREPARATION CHECKLIST for Interior Pest Control Services**
During COVID-19 Response

The following checklist was prepared by our technical team to assist our customers in preparation for interior services, promote safety and the best possible result for all.

INTERIOR PEST CONTROL – CLIENT PREPARATION CHECKLIST

- Please isolate the entire treatment room or floor from all occupants and pets
- Leave “sticky notes” or tape to mark areas or spots of known activity
- Unlock any exterior doors if direct access to treatment room or floor is possible
- Remove items from cabinetry if activity is in cabinets
- Create a clear path to pest problem areas for easy access
- Replace light bulbs in dark areas to ensure good visibility

Our staff wanted to THANK YOU, for assisting us to be effective and to comply with the social distancing mandates to keep everyone safe. We welcome the opportunity to work with you and appreciate your efforts to make our job a little easier.

The Technical Staff at **DIAL ENVIRONMENTAL** 😊
